

DEPARTMENT OF HEALTH & KINESIOLOGY
Minimum Criteria for Tenure and/or Promotion Consideration
Section III: Professional Growth and Development Activities
Effective Fall, 2014¹

I. Tenure and/or Promotion to Associate Professor²

The following are the minimum professional growth/development activity requirements for tenure and/or promotion (Associate Professor) consideration. The following are the minimum criteria for a full-time (FT) faculty member to be considered for tenure and/or promotion to Associate Professor. All activity while at the rank of Assistant Professor³, regardless of institution, will be considered.

A. Professional Society Affiliation

Continued membership in two professional societies, with one of the societies being at the national/international level.

B. Professional Meeting Attendance

Attendance at, on average, one professional conference per year at the state, regional, national, or international level.

C. Other Professional Growth/Development Activities

An a

may include but is not limited to: professional society service/committees/leadership, other professional leadership, journal/publisher editorial service, consultancy, expert interviews, guest/invited lectures, etc.
