

GPA Calculators

The GPA Calculators allow you to predict graduation GPAs, end-of-term GPAs, and to estimate which grades will be needed to attain a desired GPA in order to monitor your academic standing.

Graduation Calculator

This calculator is a realistic view of whether you are able to obtain the graduation GPA you

Graduation Calculator Input Fields

- Current GPA ϕ is your current cumulative TAMUK GPA
- Credits Remaining ϕ are the credits you are pending for graduation
- Credits Required ϕ are the total credits the degree plan requires
- Desired GPA ϕ is the GPA you desire to achieve by graduation.

Enter the data into the blank fields and click **Calculate**

This screenshot shows a mobile application interface for a GPA calculator. The title bar at the top reads "GPA Calculator" with a close button (X) on the right. Below the title bar, there are several input fields and output boxes. On the right side, there are three boxes: "Current GPA" with the value "3.80", "Credits remaining*", and "Credits required*". At the bottom, there is a "Desired GPA" input field and a "Calculate" button. A red circle is drawn around the "Calculate" button.

This screenshot shows the same mobile application interface for a GPA calculator. The title bar at the top reads "GPA Calculator" with a close button (X) on the right. Below the title bar, there are several input fields and output boxes. On the right side, there are three boxes: "Current GPA" with the value "3.80", "Credits remaining*", and "Credits required*". At the bottom, there is a "Desired GPA" input field with the value "3.8" and a "Calculate" button. A blue circle is drawn around the "Calculate" button.

The results shown below indicates if your desired GPA is attainable depending on the amount of hours remaining to complete the degree with your current institutional GPA. Click [Recalculate](#) to alter any of the data fields.

The screenshot shows a web-based GPA Calculator interface. At the top, the title "GPA Calculator" is visible with a close button (X) on the right. Below the title, there are several tabs: "Calculator", "Advice Calculator", "Graduation Calculator", and "Term Calculator". The main area contains input fields for "Current GPA" (set to 3.80), "Credits remaining" (set to 21), and "Credits required" (set to 120). A progress bar is shown below these fields. At the bottom of the interface, there is a green button with a white arrow, which is circled in blue. The button is labeled "Recalculate".

Term Calculator

This calculator is useful in predicting what the end-of-term GPA will be, in relation to the course(s) you are enrolled for during the current semester.

Term Calculator Input Fields

- Current GPA ó is your current cumulative TAMUK GPA
- Credits Earned ó are the number of earned credits so far (TAMUK GPA Hours)
- Course Code ó are the courses you are currently enrolled in
- Hours ó are the number of hours the course counts for.
- Grade ó is the final grade you predict you will earn.

The courses you are currently enrolled for will appear on this screen.

Select the final grade(s) you predict you will earn and click **Calculate**.

The image shows a screenshot of a GPA calculator interface. At the top, there are three tabs: "GPA Calculator", "Term Calculator", and "Advisor Calculator". Below the tabs, there are two input fields: "Current GPA *" with the value "3.80" and "Credits earned *" with the value "106". Below these fields is a table with columns for "Course #", "Credits #", and "Grade #". The table contains two rows of data: the first row shows "BUAD 1415" with "1" credit and a grade of "A", and the second row shows "BUAD 2341" with "3" credits and a grade of "A". At the bottom of the form, there is a "Calculate" button, which is highlighted with a green oval. The interface also includes a "Grade" dropdown menu and a "Course" dropdown menu.

Course #	Credits #	Grade #
BUAD 1415	1	A
BUAD 2341	3	A

The results below provide the predicted cumulative TAMUK GPA at the end of the semester with the projected grades in the courses you are currently enrolled in. Click **Recalculate** to alter any of the predicted final grades.

Note: The calculated cumulative GPA is based on the projected grades in the courses you are currently enrolled in. It does not include the cumulative GPA from previous semesters.

Advice Calculator

This calculator provides the letter grades you would need to achieve in order to raise your GPA.

Advice Calculator Input Fields

- Current GPA - is your current cumulative TAMUK GPA
- Credits Earned - are the number of earned hours/credits (TAMUK GPA Hours)
- Desired GPA is the GPA you desire to attain.

Enter the desired GPA and click **Calculate**. The results provide the grades you will need to earn in order to attain the desired GPA.

The screenshot displays the 'Advice Calculator' interface. At the top, there are three tabs: 'Graduation Calculator', 'Term Calculator', and 'Advice Calculator', with the latter being selected. Below the tabs, there are input fields for 'Current GPA' (with a value of 3.80) and 'Credits Earned' (with a value of 106). A red 'Calculate' button is highlighted with a blue circle at the bottom of the form.

Click **Recalculate**
