This meeting of the Faculty Senate was held through Zoom due to COVID-19 social distancing requirements. It was decided that this meeting not be recorded so that candid discussion could take place regarding the proposed changes to the Promotion and Tenure policy.

I. Call to Order and Quorum Call.

At 3:47 p.m. President Chen asked the secretary, Christine Radcliff, if enough members were present for a quorum. Senator Radcliff replied in the affirmative.

II. New Business

a. Tenure and Promotion Change Proposal voting (*see attached*)

Proposed Change #6: That tenure shall be linked to promotion from assistant professor to associate professor.

That tenure is included with promotion from assistant professor to associate professor. Any candidate for promotion from assistant to associate professor will be considered in a single evaluation for "promotion and tenure" and the two items will not be considered separately.

Senator Glick moved to approve and Senator Kowalsky seconded.

Discussion began with a mention that in Fall 2020 the College of Agriculture and Natural Resources had one committee. It was mentioned that a majority of universities already link promotion and tenure. It was said that the President and Provost don't want to approve ones that are not linked. Another comment was made that linking them could be perceived as handcuffing ourselves when there have been special circumstances before for having them separate. The question was asked what this will do to faculty who are currently tenured at the assistant professor rank. The comment was also made that in the College of Engineering faculty have to go up for both the first time.

Senator Glick called the vote and Senator Miller seconded. The motion passed with a vote count of 13 yes, 7 no, and 3 abstaining.

Proposed Change #7: *That: the dean and provost respectively shall have a one-on-one meeting with each candidate prior to making their recommendation on tenure and promotion. Additionally, the candidate is entitled to separate meetings, up to 10 minutes long, with the department chair, the department committee and the college committee. If a request is not made by the candidate, the department chair, the department committee and the college committee can request to meet with the candidate for up to 10 minutes before making their recommendation.*

Senator Kowalsky moved to approve and Senator Radcliff seconded.

During discussion it was mentioned that is a benefit for the faculty member going up for tenure. It was also mentioned that this would be more work at the committee level and for the deans, but it would be worth it. A concern was voiced that it might be hard to arrange these meetings when there is such a short time between approval levels.

Senator Huff called the vote and Senator Kowalsky seconded. The motion passed with a vote count of 14 yes, 6 no, and 3 abstaining.

Proposed Change #8: *That if the tenure and promotion committee at the department level does not have at least three voting members, the chair of the tenure and promotion committee can consider appointing appropriate members from other similar departments both inside and outside of the college. The appointing of additional members will be made by the chair of the tenure and promotion committee in consultation with the department chair and the candidate. The tenure and promotion committee chairs at the department and college levels should have at least the rank to which the candidate is applying.*

Senator Huskin moved to approve and Senator Miller seconded.

During discussion the concern arose about adding people from other departments. It was asked if this is just for tenure and promotion from assistant to associate or for promotion from associate to full? It was confirmed that yes, this also applies to promotion from associate to full.

Senator Glick called the vote and Senator Houf seconded. The motion passed with a vote count of 11 yes, 8 no, and 5 abstaining. Secretary Radcliff asked if the vote count was too close to accept as a passed motion since she

Senator Houf moved to table proposed changes nine through twelve until later in the meeting. Senator Miller seconded. The motion passed unanimously.

Proposed Change #13:

That an Advisory Committee comprising one faculty member from each college (5).

That a Hearing Committee of 7 members comprising at least one faculty member from each college.

That an alternate pool of 8 members comprising at least one faculty member from each college.

That any committee member stepping off the Advisory or Hearing committee due to a conflict of interest or challenge becomes a member of the alternate pool. That any committee member who voted on the tenure or promotion being appealed at the department or college levels has a conflict of interest.

Senator Houf moved to approve and Senator Miller seconded.

During discussion it was pointed out that this was a sticking point with AOP1 in the previous senate. There was also a comment that this would put a burden on committees in regard to pool size. Would 10 in the pool be better than 8? It was asked how conflict of interest is defined: spouse, close relationship, if a
